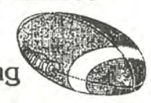
MOUTHGUARDS ARE NOT JUST FOR FOOTBALL!!

You never know when you could take an elbow under the basket, a baseball in the face, or a fall from your skates causing serious damage to your teeth!.



If you think mouthguards aren't cool or will get in your way think about how you'd look with broken teeth, or missing teeth.

Mouthguards are like shock absorbers for your teeth! Win or lose, a mouthguard can help you keep that winning smile for now and the rest of your life.
