

Morrisville Trips Neshaminy

Cowell's Aerials Click for Win

Two last period touchdowns engineered by a former junior varsity player gave Morrisville a 12-6 win over Neshaminy at Langhorne, Friday night.

The final touchdown, breaking a 6-6 tie, came with only ten seconds to play and knocked Neshaminy's chances of coping the undisputed championship of the conference out of the window. Now the best the Eglimen can do is play for a tie for the title.

After a scoreless first half, Neshaminy punched over a score in the third quarter to assume a 6-0 lead. Lou Maurer, who played the best game of his career, started Neshaminy on the way by recovering a fumble on the Neshaminy 41.

Mongillo picked up five yards to the 46. Then Maurer, running fast and cutting expertly, added 25 yards as he skirted right end to the 51. Bob Castle moved to the 25 and 19 for another first down in two thrusts. Mongillo hit center to the 13. Then Maurer slid along the right side of the line and out to the right end for a 13-yard touchdown jaunt. Van Sant's placement boot was low and Neshaminy was off-side on the play.

Passes Win Contest

Morrisville fought back to tie the game in the fourth quarter after Scott had booted a punt from midfield that stopped rolling on the Neshaminy four. Mongillo moved it to the five and a penalty advanced the ball to the 10. But on the next play Trout recovered a fumble for Morrisville on the 15. Zurlo lost to the 16 on the first play. Thompson took a pass on the nine, Zurlo moved to the six, and Cowell shot a short jump pass to Ed Kohler in the end zone to knot the score. Jerry Bruner's placement boot was blocked.

Late in the game Neshaminy played for a touchdown on its own down on their own 40. They went backwards instead of forwards, losing possession on the 32. At that point Cowell heaved a long pass to Thompson, who caught it

on the four and went across for the winning touchdown.

Neshaminy could not get a play-off after the Morrisville kickoff.

Neshaminy had drive and fight only in the first quarter. After a drive to the 14, they seemed to lose interest.

Neshaminy Threatens Twice

That first quarter march was spirited enough. Mongillo was especially strong on the ground attack, and Maurer and Castle helped the cause. Once the Redskins reached the 11, however, the attack failed and Morrisville took possession.

Again in the second period Neshaminy threatened only to lose

the ball on a fumble on Morrisville's 10. Ernie Peitch started things rolling by intercepting a pass on the 50. Castle went to the 45 and 43 in two plays. Mongillo failed to pick up a first down. Peal dropped back to punt. A low pass from center was dropped, but Peal picked it up and tossed to Mongillo and the latter was stopped on the 15.

Maurer and Mongillo then moved to the 10. On the next play Brewer recovered a fumble for Morrisville. The Bulldogs got out of the hole by driving to the 32 while picking up two first downs. Then they punted to the Neshaminy 20.

Antlerless Deer Season Opens Monday; Game Commission Lists Regulations

Believing that a review of the regulations governing the taking of deer in Pennsylvania this year will be appreciated, the following reminders and clarifications are offered for the guidance of hunters by the Pennsylvania Game Commission.

1. On November 27 and 28, only antlerless deer may be killed in those counties open to "doe" hunting. Counties closed by abrogation to antlerless deer hunting are: Bedford, Cameron, Centre, Clearfield, Clinton, Elk, Franklin, Fulton, Juniata, Mifflin, Perry, Pike, Snyder, and Sullivan. No deer hunting of any kind will be legal this year on November 27-28 in the counties closed to "doe" hunting, on State land or elsewhere.

2. Antlered deer may not be taken lawfully in any county of the Commonwealth on November 27 and 28.

3. On Monday, November 27, the antlerless deer season opens at 9 a. m., closes at 5 p. m. On November 28, the second and final day of "doe" season, the beginning hour is 7 a. m. The end of this special season comes at 5 p. m.

4. Shooting hours for the first day of "buck" season, Wednesday, November 29, and for every day of

has reached its target or spent its force his responsibility travels with it. He should hold his fire until he knows that his target is legal game — certainly not a human.

8. While good luck is wished all deer hunters, those unfortunate enough to mistakenly make an illegal kill are reminded to do the sporting thing and save themselves three-quarters of the normal penalty by cleaning the animal and turning it over to a representative of the Game Commission.

Good roads everywhere and the automobile have changed deer hunting methods for many gunners in the Keystone State. For them, driving about and watching fields and woods for deer that may be shot from roadside has replaced camping, stalking and waiting on watch.

Certain dangers go with the practice of spotting deer from autos. Aside from the legal requirement that all guns be carried unloaded in vehicles, road hunters will show good judgment by transporting only empty firearms as a safety measure and by unloading them carefully entering a car.

Surprisingly often, hunters shoot themselves by pulling a load
