THIS IS NORMAL →

← 5-4-2 is a normal OFFENSE.

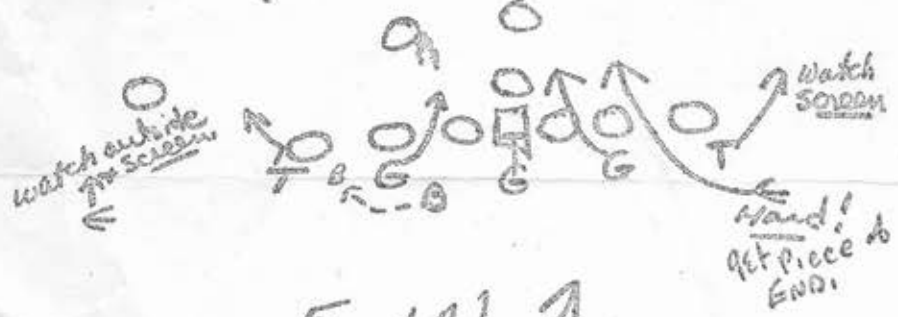

MG. always hit straight on center.

G & B - "Deals" can go either way. But when you go, get to your spot.

I - Hit and take outside.

Remember - This is against a normal offense. Get your spot, and KEEP it. NO ONE gets through line with or without ball.

Whenever a wing goes out, it takes us out of our 5-4-2 and puts us in a 5-3-2-1. It is an automatic 5 IN when they send a wing out.

GAP 8 is Normal or WING

Backs swing to side of flanker. Any Double flanker takes us out on 8 into our 7 coverages.

Lets all make this one an easy ball game. When you hit THEM, don't let them slip off you. WE must tackle them for REPS. This game we will improve.
