*It's a Fact!*

**LINCOLN** DID NOT  
ORIGINATE <sup>of the people,</sup>  
by the people, for  
the people!

Cleon of Athens, who lived around 400 B.C., expressed the same idea, and in an address on May 29, 1850, Theodore Parker said - 'A government of all the people, by all the people, for all the people.'

Ol' Cleon would have expressed the same high ideals if he had the chance to taste one of our delicious **HOT DOGS**, and Teddy Parker would give the country back to the Indians for a chomp of our tasty grilled **HAMBURGERS**. So let's drink a Toast, of extra thick milkshake, to our good friends Cleon & Parker. You can place your faith in what we state, just test us. Bring your self, your gang, or your date for an appointment with palate pleasing foods. Bet we score 100
