Pennsbury Falcons 12

Friday, November 9, 1984

7:30 P.M.

Published by the Neshaminy "N" Club.

Welcome to Heartbreak Ridge

This evening's contest features one of Lower Bucks County's richest rivalries. Many of the area's epic football games have been contested between Pennsbury High School and Neshaminy High School. A listing of participants from these gridiron classics would produce many nominees for a Lower Bucks County Football Hall of Fame.

Both schools are proud of their academic and co-curricular accomplishments. Tonight's contest is a showcase for what is right about our schools, our students, and our parents. Our teams, bands, and cheerleaders bear witness to the power of a strong educational program combined with good parenting. Together, we are unbeatable.

Tonight's contest will determine the Suburban I League Championship. Our athletes will give their all to provide the viewer with another classic battle. We hope you enjoy the game and continue to support our most important product — our student participants.

Robert J. Hurst Award

The Thirteenth annual award for the most courageous and dedicated football player on the Neshaminy High School Football Team will be presented tonight. The award is in memory of Bob Hurst, a former Redskin who passed away in June of 1971. He was a member of the 1953 and 1954 Championship teams.

1971 Joe Chamberlain	1976 Chuck Martier	Jim Stemme
1972 Steve Gale	1977 Blake Spirko	1981 Rick Mason
1973 Richard Bradish	1978 Jan Cechak	1982 Bob Thomas
1974 Andy Belmont	1979 Mark Dementri	1983 Hank Kasprzak
1975 Jim Thompson	1980 Todd McDonald	

As The Whistle Blows...

The Neshaminy Redskins prepare to battle the Suburban I National Conference frontrunners, Pennsbury. Tonight's contest has all of the ingredients for another classic in a long line of Neshaminy - Pennsbury football games.

The Pennsbury Falcons have produced a solid season under head coach, Jim Dundala. Quarterback Bart Szarko and the Falcon offense have produced the winning margin throughout the season. The Pennsbury defensive line, led by Eric Renfors, George Schott, and Jon Winikur, has stopped the best that their National Conference competitors could offer.

The Neshaminy Redskins enter the game with one of the most productive offenses in the League. The Bedesem 'Bone has been led by Quarterback brothers, Mickey and Tim Ford. Earl Brown, Dave Megahan, and Joe Clark have moved the ball on the ground, while Mike Downs has become the League's most prolific receiver.

Can the Redskins prevail over this excellent Falcon football team? Watch and enjoy this classic confrontation....

**THE WEALTH OF EXPERIENCE
YOU GET IN THE ARMY
PAYS OFF IN COLLEGE.**

A lot of what it takes to be a good soldier is what it takes to be a good college student.

So it shouldn't surprise you that more and more young people are going to college by way of the Army.

They're getting the benefits of Army skill training. The opportunity to live and work with different kinds of people. And the chance to travel.

They're also getting the financial benefits of the Army College Fund.

If you qualify, the Army College Fund can mean as much as \$15,200 for college for serving two years or \$20,100 for serving just three years.

See your Army Recruiter and ask for the Army College Fund booklet. It'll tell you how to go to college a much wealthier person. In more ways than one.

**Don't Forget To Visit
The Concession Stands
For Your Favorite
Snacks.**

The Concession Stands are operated by the Neshaminy Jaycees, a non-profit organization. By contract, 20% of our gross sales are donated to the Neshaminy Student Scholarship Fund to provide interest free loans for eligible college students from our school district. Over the last 14 years we've provided \$21,000 for this fund. We're by far the largest contributor. Another 5% of our sales dollar goes to the School District for field clean-up and maintenance. This averages about \$400 a year. After paying our bills, any profits we realize are returned to the community in many ways. In recent years we built, and paid for the present concessions stands which are used by us and other organizations at the many events held here at the stadium.

We thank you for your patronage.

Football is an endeavor that demands great physical conditioning, the coordination of many individuals as one, and yet teaches judgment and morals like few other sports.

Congratulations and good luck to Coach Bedesem and his Neshaminy coaching staff, all the players and the entire football unit.

**Stories like Cox' courage
keep Petercuskie going**

By Wayne Fish
Courier Times Sports Writer

WEST CHESTER — What keeps John Petercuskie, 34 years in the coaching business, coming back for more?

It might be the chance to work with courageous athletes like the Cleveland Browns' young kicker, Steve Cox.

During a preseason game against the Raiders last year he started to feel dizzy. Cox walked over to Petercuskie, the Browns special teams coach, and complained he was seeing two footballs.

Since Petercuskie knew Cox was not much of an evening roustabout, he consulted with the Cleveland medical staff. They kept one eye on Cox in the following days as the condition worsened.

Cox began to suffer severe headaches. Then the worry set in. The 26-year-old Louisiana native feared he might have a tumor, the same malady that eventually killed former Giants' running back Doug Kotar.

Finally the condition was diagnosed as "internal hydrocephalus." It's a blockage in a valve that allows brain fluid to drain into the spinal cord.

"The blockage was non-repairable," explained Petercuskie, the former Neshaminy High School coach who will be at Veterans Stadium on Thursday night when the Browns play the Philadelphia Eagles. "They had to come up with an artificial valve."

Surgery was performed on Aug. 31 and nine weeks (or nine games, as Cox would put it) later he was back in action. A week after that he kicked the third longest field goal in NFL history, a 58-yarder at Denver. Only Tom Dempsey's 63-yarder and Tony Franklin's 59-yarder surpass that. Needless to say, the operation was an unqualified success.

"They had to place a tiny tube from the base of his skull down his spine to his colon," said Petercuskie. "It's called a 'shunt.' It's only about as thick as a piece of spaghetti but it stays in there permanently."

"He'll be doing everything this year—some punting, kickoffs and the longer field goals (Neshaminy High School graduate Matt Bahr handles the shorter ones). He'll get upfield and be a factor on coverage. It's amazing. He's just thankful. He thought it might be something else."

Stories like this keep Petercuskie coaching as he nears age 60. He's seen it all, from high schools to colleges to seven years with the Browns.

"I still feel excited to come to work. It's been enjoyable. There

John Petercuskie

are times when I get discouraged but things just have a way of moving on."

Another Petercuskie project is Neshaminy Maple Point High School graduate Jim Dumont, a seventh-round draft choice who spends his time with the special teams when he isn't playing linebacker.

"He's done a good job so far. Jim has been working on four of the six units — punt returns and coverage, kick returns and coverage. He's getting a good look. But

"I still feel excited to come to work. It's been enjoyable. There are times when I get discouraged but things just have a way of moving on."

—John Petercuskie

whether he makes the team comes down to his play at linebacker and what the team thinks is his future there. The last cut is always the toughest."

Petercuskie is a legend in Lower Bucks County. He is best known for leading the Redskins to a 51-game unbeaten streak in the early '60s. He is also remembered for being a disciplinarian. But somehow even his players managed to get around some of his rules.

"I just found this out about seven or eight years ago. It was around the time of Harry Schuh. We never used to give the kids water during practice. But we would give them breaks. A lot of them would go over and lay in the grass. What we didn't know was they had buried water bottles out there in the ground before practice and stuck a straw out the top. They would lie down and be drinking out of those bottles."

"You can never outsmart a kid."

Petercuskie was pleased to hear his old friend, Dick Bedesem, had taken the Neshaminy head coaching position.

"I called him right after that and told him, 'If you can't beat 'em, join 'em.' We play some golf together. He'll do well there."

"I have a lot of memories from that place. At the time, you always think the competition wasn't that good but looking back, we had some pretty good teams there. Guys like Pete Cordelli, Jack Swartz, Pal Allison...all great coaches who helped get me where I am today. Now they're all retired and I'm still working to make a living. Is that fair?"

Petercuskie began his interest in football at East Stroudsburg State in 1947 after a four-year hitch in the U.S. Marines that included participation in the invasion of Okinawa.

After coaching at various high schools, he moved on to serve as an assistant at Dartmouth, Boston College and Princeton.

John and his wife, Dorothy, live in Strongsville, Ohio. They have three sons. Jerry coaches defensive line for Rutgers; Gary is scouting director for the USFL and John works for Digital Corp.

Petercuskie's bomb squad set an NFL record in 1980 by allowing only 14.3 yards per kickoff return. They put some of the juice in the Kardiac Kids. But Petercuskie says he only looks forward when a day's work stands ahead.

"I try to never look back. It's the nature of the game that you can only keep a specialty team together for two or three years so why hold 1980 against them? All you can do is ask them to do their best. That's the way it's always worked."
