## *Shh... That's My Boy*

*Please don't curse that boy down there  
He is my son you see,  
He's only just a boy you know  
He means the world to me.  
I did not raise my son, dear fan  
For you to call him names,  
He may not be a super star  
It's just a high school game.  
So please don't curse those boys down there,  
They do the best they can,  
They never try to lose a game  
They're boys and you're a man.  
This game belongs to them, you see,  
You're really just a guest,  
They do not need a fan like you,  
They need the very best.  
If you have nothing nice to say,  
Please leave the boys alone  
And if you have no manners  
Why don't you stay at home!  
So please don't curse those boys down there,  
Each one's his parents son,  
And win or lose or tie, you see  
To us, they're number one!!!*

**We're So Sure  
a Thermogram  
Can Pinpoint  
the Source of  
Your Pain,  
We'll Give You  
One Free!\***

Diagnostic technology has taken a big leap forward with the development of Thermography. A result of space-age science, Thermography detects the body's infrared heat emissions and displays these patterns in color for scientific analysis, giving us a significant advantage in pinpointing the source of many kinds of pain, and the ability to focus treatment on the cause.

While not all pain-related disorders can be displayed through Thermography, many kinds can, particularly such musculoskeletal conditions as **back pain, neck pain, shoulder pain, joint pain, numbness and tingling in hands or feet.** These are often the result of soft tissue injury, spinal nerve involvement, or sensory nerve abnormalities which may not show up in conventional examination procedures.

Here is your opportunity to find out if Thermography can help us to help you!

Call today for your **FREE THERMOGRAM.**

### Senior Highlights

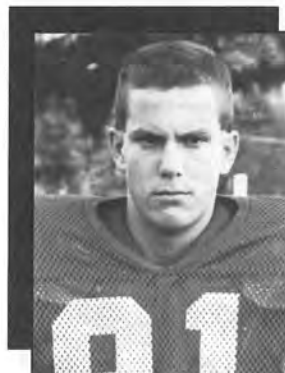

**Scott Altman**  
#85

Scott plans to attend College after High School and continue playing sports. His most satisfying accomplishment has been to play varsity football and baseball. His favorite subject in school is Accounting and he enjoys eating pizza. In his spare time he likes baseball, football, hockey and fishing.

**Gary Basford**  
#6

Gary's future plans are to attend Penn State or Temple. Playing football has kept him in shape and allowed him to make a lot of friends. His favorite subject in school is Math and in his spare time he enjoys fishing.

**Greg Aszmus**  
#81

Greg plans to attend College and get a Masters Degree in Business. The most influential person in his life has been his father, because he's always pushed him to work hard and do things right. His favorite subject in school is Accounting and in his spare time he likes to go hunting.

**Tom Baugher**  
#20

Tom plans to attend Georgetown or West Point and major in Political Science. He likes all kinds of food and sports, and his best subject in school is Social Studies. Football has taught him discipline and the rewards of hard work. He likes the action, hard hitting and winning.

**Richard H. Evans**

The 1988 football schedule, which includes some exciting new opponents, should prove a stiff challenge to our football team and coaching staff.

Coach Chaump and his assistants have a fine nucleus of returning players to continue the winning tradition of Neshaminy football.

For the past two years we have been co-champions in the SOL National Conference. Hopefully (as I said last year), this might be the year to win it all.

Please join us each weekend to enjoy the excitement of high school football at its best . . . and to see the fine support given by the Neshaminy Marching Band and Cheerleading Squad.

Richard H. Evans  
Principal  
Neshaminy High School

**Raymond J. Kelly**

Welcome to Harry E. Franks Stadium. The 1988 scholastic football season should prove to be very exciting. This is the first year of state-wide high school football play-offs. In December, Pennsylvania will crown its first football champion.

John Chaump's Redskins have dedicated their efforts to "do what it takes" to improve upon last year's 9 - 2 co-championship season. Neshaminy fans will see a new look on offense. The highly productive "Wishbone" has been replaced by a multiple offense. The Redskin defense has no plans to change its stingy attitude.

All signs point to another exciting fall at Heartbreak Ridge. We are blessed with tremendous fan support at Neshaminy. Your presence in those packed stands contributes greatly to our scholastic spectaculars. On behalf of our football team and staff, cheerleaders, and band, I want to thank you for your continuing support of Neshaminy High School.

Ray Kelly  
Assistant Principal  
Athletic Director

**Bernard G. Hoffman**

It is with great pride and pleasure that I extend greetings to the Neshaminy community as we "kick-off" the 1988 football season. Every major study on student success discusses the importance of students being involved in school activities. Those students who are involved develop a strong sense of belonging and self worth. Activity involvement definitely helps a student achieve success. Please take special notice of not only the players on the field and on the sidelines but also the hundreds of students performing in the band and as cheerleaders who are also beginning their 1988 season. These participants are tremendously encouraged by the attendance and support of our community who take the time and make the effort to attend our games. Belonging and participating helps build fine young people into fine young adults.

I want to wish the "Redskins" all the success that is possible and I know they will strive to become "the best that they can be!"

Bernard G. Hoffman  
Superintendent

Vince plans to go to College after graduation. The positive rewards of participating in football has been friendship and discipline. His favorite subject in school is Math and he enjoys eating pizza.

**Chris Weiser**  
#83

Chris plans to attend College after graduation. Playing football has given him a better attitude, helped him stay physically fit and given him a great sense of accomplishment. His favorite subject in school is Chemistry and his favorite food is shrimp.

**Dave Ward**  
#7

Dave plans to go to College and major in Architecture or Engineering. Drafting is his best subject in school and pizza his favorite food. Football has taught him responsibility, determination and good physical fitness.

**Ken Whitlock**  
#75

Ken plans to attend College (West Point, Messiah or Penn State) and major in Sports Medicine. A proud accomplishment has been being accepted into the National Honor Society. His favorite subjects in school are Science and Gym and he enjoys eating pizza and chicken. Playing football has taught him discipline, self-respect and the desire to win.

# Neshaminy Redskin Marching Band

The Neshaminy High School Marching Band has 235 members, and is one of several instrumental music organizations at the high school. Other than the Marching Band, Neshaminy High School offers its instrumental music students: Concert Band, Symphonic Band, Concert Jazz Ensemble, Orchestra, and a competition Winter Guard. These performing organizations are responsible for over 60 performances each year in the school, community, and throughout the United States. They have received awards for their performances in Pennsylvania, New Jersey, Maryland, New York and Delaware.

These ensembles have been invited to play at such events as: The Cotton Bowl Parade in Texas, The Rose Bowl Parade in Pasadena, The Festival of Five Flags in Florida, two World Series Games, and a Concert Band Performance on the White House Lawn.

In 1976, and again in 1982, the band received the distinct honor of representing Bucks County and Pennsylvania during the week-long activities celebrating St. Patrick's Day in Ireland. As musical ambassadors, the band was ceremoniously awarded the County and Federal Bicentennial Flags, personal letters from Governor Shapp, and the famous Limited Edition Bucks County Bicentennial Tile.

While in Ireland, the tradition of excellence in musical sound and precision marching was continued when the Marching Band won first-place honors in all three competition categories: (Best Band Front, Best High School Band, and Best Overall Performing Organization) during the International Competition in Limerick, Ireland. This feat was repeated in Dublin, Ireland, where we competed with over 50 bands from all over the world. It is believed that this is the first time one band has been able to win all three categories in both competitions. For this honor, the band received nationwide coverage in the international news media, and was invited to perform at the Lord Mayor's Ball, where many foreign dignitaries were in attendance.

Televised performances of the band include: and NFL game in Veteran's Stadium, the opening game of the 1976 Philadelphia 76ers at the Spectrum, yearly performances at NBA regular season games since 1974, Jazz Band and Winter Guard performances during several NBA playoff games, regular appearances at Veteran's Stadium for the Philadelphia Phillies home games, as well as special performances honoring Pete Rose's record-breaking 200th hit, games honoring the Phillies for winning their division, the 1980 opening game of the division playoffs, and the 1982 and 1984 ceremonial season home opener. Neshaminy Marching Band has performed for the National League playoffs and at regular season games ever year since 1975. The band has also appeared on televised news programs several times, twice as features on the band itself; and also has been apart of two commercials — one for J. W. Pepper and the other for the Philadelphia 76ers.

In 1977, the band was honored by the Senate of Pennsylvania for "excellence in performance" and for its "many outstanding achievements both home and abroad." In 1982, the House of Representatives also recognized the Band's many achievements. The Winter Guard was similarly honored the previous year by the Pennsylvania House of Representatives for its "outstanding competitive performances." Also the Bucks County Commissioners declared March 11, 1984 "Neshaminy Band Day". The Marching Band has also been routinely recognized for meritorious achievements by both the Pennsylvania Senate and House of Representatives in 1978, '80, '82 and again in '84. Also the Concert Jazz Band won the National Judges All Chapter Championship held in Wildwood, New Jersey, while competing against school's representing a tri-state area.

In 1980 and again in 1982, the Marching Band was honored by the West Point Military Academy and was permitted to provide the half-time entertainment at a home Army football game.

During 1978, the band and orchestra performed throughout Portugal and in 1980 they exhibited their musical feats in Mexico City and Acapulco. All performances were by invitation of the Portuguese and Mexican Governments.

1984 brought a ten day performance tour of Hawaii. This extraordinary educational opportunity was repeated again in 1986. During April of 1988, the band will tour Southern California.

### Achievement

The future belongs to our youth. They deserve our support in the form of community programs that teach the pride of accomplishment. And the satisfaction of achievement.

Meridian is proud to support these activities.

Because we don't just work here.  
We live here too.<sup>SM</sup>
