Painful loss for Neshaminy

By Stephen Cornell

Courier Times

ALLENTOWN — Neshaminy's players talked all during the pre-season about the progress they'd made from last year.

And the Redskins might, in fact, be better than they were during a 1-10 1995 season. They just didn't show it Friday night in a 25-7 loss to host Allentown-Dieruff.

Dieruff, picked in the pre-season as the No. 6 team in the 10-member East Pen Conference, piled up 418 yards of total offense against the Redskins.

Huskies junior running back Tosh Riddick gained 181 yards and scored a pair of touchdowns in his first-ever start and senior quarterback Rocky Butler threw for 119 yards and two scores, in-

We were standing around waiting for them to do something, and they're too talented for us to do that.

— Mark Schmidt,
Neshaminy coach

cluding a pair of bombs to wide receiver Tiquan Birch.

Second-year Neshaminy coach Mark Schmidt was beside himself after the loss. "Not much," he said when asked what he liked about his team's performance.

"(Dieruff) is a decent team," Schmidt said. "We made them look great."

Dieruff (1-0) scored twice before the Redskins (0-1) could get a second half first down. Butler's 36-yard TD pass to Birch at 11:07 of the fourth quarter made it 18-0.

"I'm just standing here scratching my head, wondering what's going on," Schmidt said. "We're better than this. We played Downingtown in a scrimmage and this didn't happen."

"We were standing around waiting for them to do something, and they're too talented for us to do that."

Neshaminy put together a late fourth quarter drive for its only score.

"The kids battled," Schmidt said. "That's one thing I can say about them. They never gave up."

Glad to be here.

It's a great community. The better you know the people, the more you like them. And the more you want to support their organizations, activities and events. That's why, whenever you visit the corner branch or go through the drive-up on your way to work...or use the MAC[®] machine before you go to the movies...we hope you'll think of us the way we think of you. As neighbors. And as friends.

Another baby boomer turns 50.

The National School Lunch Program was born when a lot of Americans were — right after the Second World War. Congress began the program in 1946 in response to the poor physical condition of many young recruits entering the service during the war. Poor nutrition endangered our national readiness for war.

Today, the School Meal programs still help ensure our kids' readiness. Because kids who regularly eat balanced, nutritious meals are ready to concentrate in class. Ready to participate enthusiastically. Ready to learn.

And Allentown's School Meals are also healthier than ever. We're starting our second half-century of service with a new commitment to meeting the Dietary Guidelines for Americans, which means less fat and sodium in our meals and more vegetables, fruits, and grains.

Convenient, economical, healthy School Meals. Still getting better at 50 — it's every baby boomer's dream!
