PLAYERS OF THE WEEK

DWAYNE (NATE) MC COY
(35)

Nate McCoy, a hard hitting sophomore, is beginning to come into his own as a linebacker. What Nate lacks in experience he makes up for in desire. He led a tough Tiger defense against Hamilton on Friday and also blocked a punt that led to the Tigers' winning touchdown.

DAVE ADAMS
(90)

Dave Adams, in his first kicking attempt of the season (from 30 yards out), split the uprights perfectly. His 3 point effort became the margin of victory as Delhaas defeated Hamilton 10-7.

JOE NOTT
(60)

Joe Nott is a steadily improving guard. He always makes contact with his man and it is very seldom that Joe loses. Even in Delhaas' loss to Maple Point, Joe helped the offense produce a season high of 20 points.

STEVE VILE
Defensive End

Steve Vile's job on the kickoff team is to help break up the blocking. Steve does this with reckless abandon and he is one of the reasons that the Tiger's kicking game is much improved over last year.

The players you hear least about on a football team are the ones who block allowing runners to gain big yardage and quarterbacks to throw long passes. Against Hamilton, two Tiger blockers excelled at their positions. Leo Raffle, at offensive tackle, and Steve Rush, at fullback, led the way as the Tigers recorded their first win of the season.

**“Since Dad got me
these pads,
it doesn't hurt him so much
when I get hit.”**

“Dad knows I'm protected pretty good now. Mom says he doesn't wince so much when he watches me play.

And he can see that I'm comfortable in them, by the way I move. These J-PAD® Arm Pads are really light. They don't slip. I hardly feel like I'm wearing pads at all.

They protect Dad's money, too. Because they're molded all in one piece, they last longer than cloth covered pads. They don't crack, peel, or get soggy or sloppy—even in a muddy game!

I'm wearing the hand-arm pad, but there's a hand-knuckle, an elbow, and a forearm pad, too—all in a youth and adult size, to fit everybody.

Most stores that sell sporting goods have 'em. But don't just ask for any old pads. Ask for J-PAD® Protective Padding.”
