

THREE SCHOOLS TO START GRID GAMES FRIDAY AFTERNOON

**Langhorne Will Clash With
Fallsington At
Langhorne**

ST. FRANCIS TO PLAY

**Eddington Team Will Play
Bordentown School At
Bordentown**

Langhorne and Fallsington public schools and St. Francis Vocational school will open the doors of their 1944 football seasons tomorrow afternoon. Langhorne and Fallsington will clash at Langhorne while the St. Francis team meets the Bordentown Manual Training School on the Jersey field.

Falls is attempting a comeback after a two years' absence from the grid sport. Coach "Mike" DeRisi and his assistant "Cy" Bachman have moulded together an inexperienced team although they figure it will be several years before the Orange and Black can work itself back into the football picture.

Coach DeRisi and his aide are banking on Phil DeNatale and Peter Cutchineal to carry the burden of the work as these two youths were freshmen when football was disbanded at the Falls school.

Langhorne is coached by Johnny Messics, formerly of Temple University. Superintendent of School William Thomas is aiding Messics who will only be around for another week or so. Messics has had thirty to thirty-five candidates practicing and has two outstanding players in Lukens and Schneider.

Brother Benilde, coach of St. Francis, and his assistant, Brother Andrew, are not making any predictions for their opening. It is their first meeting with the colored team from Bordentown and they have a return game scheduled for next Friday at Eddington.

The St. Francis coaches are depending on Oppold and Mario Cupo to carry the brunt of their attack.

Bristol, Bensalem and Morrisville are scheduled to play their games Saturday with the Bunnies and Owls playing in the afternoon while the Bulldogs play another night game.
