

TUSTRATING 1:00 Morrisville 6. Neshaminy 6. There were few tears but also few smiles after last night's salemate at the Neshaminy High School Field. There's something "just plain frui-trating" about a tie game between two teams bat-tling for a championship.

The crowd of 5500 came early and the Middle town Township police had a busy night directing traffic in and out. It was perfect football weather, fear and eoi, We must admit though that by the middle of the second half, the toes and fingers were real cold.

whether of the second half, the foes and fingers were real cold. Time ran out on Morrisville at the end of the first half, as the Bolldogs were about to attempt to be a second ball, the ball of the second comment line setting up the play and the half ended before the ball could be snapped. We haven't had a field goal in the Lower Buck's Lague this and the field second ball of the start of the protocould be field. There are some crites of poor officiation forom both sides of the field. There appeared to be two quick whistles, but they evened out to one against each edu. The forficials lowed ball in the "execu-varying out the penalty or other decision, only incryling and the penalty or other decision, they confused everyone.

Larying out the penanty of other decision, ney confused everyone, and the second of the second large second second second second second second was no doubt the outstanding player of the game, fach team has two games remaining. Morrisville faces Delhaas and Bristol, while Neshaminy must meet Bristol and Bensalem.
